

EV Gateway

EV Gateway Bank \$ > Your Bank \$

EV Gateway is responsible for transactions completed through these methods.

- Using the ACDI Energy Mobile App drivers can add a credit card to their profile and use that for charging sessions
- Guest Webpage - if the driver decides to continue as a guest user OR they use the guest URL to initiate a charge. (EV Gateway charges a \$0.50 transaction fee for guest transactions).

Reimbursement Activation Form:

[EVG Reimbursement Form Link](#)

- This form is for the station owner to supply Bank Account information for reimbursement of charging sessions. This information is sent to EV Gateway, our partners, who will set up the account for reimbursement. ACDI does not have any visibility to the data entered in the form. If you have trouble, please contact us and we'll reach out on your behalf for assistance.
